To put a KTrac or TTrac into production (NOT Snaptrac) we need all the following:

- 1) Purchase order with quote number written on it
- 2) Signed quote
- 3) Signed drawings front view
- 4) Signed drawings top view
- 5) If beam hangers are needed then we need ALL beam hanger approval drawings signed and dimensioned
- 6) Make sure ALL quote #'s match on ALL documents

**IMPORTANT:** If any changes need made to the order please call us immediately! Revisions can be made on the spot. If revisions are not made on the spot the above process will take longer, ultimately affecting your delivery time. Production will not start and we will not purchase raw materials until we have items 1-6 above. Contact Shipping@kundel.com for production time frames or call 330.259.9009 ext.5. Please include quote number of order in question.
